The teacher has the discretion to grant a longer period to make up work, if there are extenuating circumstances.

Late Work: Late work is defined by the instructor as work assigned in class that the student fails to complete by the due date assigned. As in the professional world, late work will be accepted, but a 10 point penalty will be assessed for each day the work is late, up to 30 points. For example, if an assignment is turned in 2 days late, then a 20 point deduction will be “charged” to your grade. The teacher has the discretion to give extended time on an assignment, if there are extenuating circumstances.
