LCPS POLICIES AND PROCEDURES

School Day

Our school day is from 8:15AM to 2:55PM

Transportation

Cars

When dropping off or picking up students, please use the designated drive. Please do not block the driveway, drive across the grass, or pull through the teacher parking lot. Please be courteous to others while taking turns merging in the driveway. Have your child ready to exit the vehicle as soon as you pull up to the porch so traffic can move smoothly. Students can only be dropped off in the front of the school. Exceptions to this are based on an individual student's special needs that parents have discussed with the administration. For safety reasons, students are not to be dropped off or picked up in the teachers' parking lot or at the street. If you stop by during the day, please do not block the driveway. **For the safety of your child, we do not allow parents to walk up to pick up students. If your child has an appointment, you may come in the front office and sign your child out of school by 2:40.**

Car Pick-up

In order for car pick-up to run smoothly, please put the car pick-up card on right front dash. This will be given to you at Open House. We will follow this procedure **ALL** school year as the adult supervision on the porch changes each month. Students should be picked up by 3:15PM. This is a smoke-free/tobacco-free campus. Please put out cigarettes before coming on school property. E-cigarettes are also prohibited on campus.

Bus Transportation

Riding the school bus is a **privilege**. Improper conduct on the bus can result in the privilege being denied. Bus transportation rules are simple and easy to follow. They are designed to help the driver keep a safe, orderly bus and to help a student understand his/her responsibility as a passenger on the school bus. Bus rules/consequences can be found in the System Code of Conduct. Absences incurred when a student is suspended from riding the bus are recorded as unexcused. If your child's home situation involves riding different buses, please help us by keeping a consistent transportation schedule for your child. Students will not be changed from their designated bus or designated car pickup without **written permission** from the parent and approval from a school official. There may be buses that are full so if you request that your child rides another bus to another location (friend's house, babysitter, etc.), it could be denied. If you are concerned with a late bus or pick-up locations, call the Transportation Shop at 903-2212.

NOTE: NO BUS CHANGES WILL BE MADE OVER THE PHONE OR BY E-MAIL!

Note sent with students concerning bus changes must include:

1. Name of child and teacher
2. Name and address of person and place they are going
3. Actual date of change: Not "today or tomorrow"
4. Signature of parent or guardian
5. Phone number of person to be contacted if more information is needed on change.

The student should give this note to his/her teacher upon arrival at school. When space is available on a bus, extra riders may ride an unassigned bus. Schools must be given a day's notice to check availability for extra riders. Parents must give permission for a student to ride an alternate bus. The note must be signed by a parent and include: parent's name, phone number and address where student should be dropped off. This information must be signed by a school official and a copy must be provided to the driver.

Attendance

We put great emphasis on good school attendance. Tardiness and leaving early takes away from the instructional time of all students. We encourage you to have your child in school every day, all day, unless he/she is sick. To quote the LCSS K-12 Code of Conduct: "It is the belief of the Lee County Board of Education that regular school attendance is important to all students and to the school system. It is further believed that course content and grading procedures should be structured so that regular attendance is necessary in order to successfully complete course requirements." According to state guidelines, a primary school child must be present 2 ¼ hours (135 minutes) of instructional time, **excluding** recess and lunch, to be counted present. **NOTE: To receive a perfect attendance certificate from the school, a student must attend school each day school is in session and not be tardy and/or leave early more than six times during the school year.**

Any student arriving after 8:15 must report to the office before going to class.

Parents must come in to the front office and sign when a child is tardy.

According to State Law, when a child returns to school after an absence, he/she must have a written excuse signed and dated by the parent or guardian within three days of absence. Being just a few minutes tardy causes the child to miss the morning directions and announcements, which interferes with both the student's and his/her classmates' learning.

After three (3) consecutive absences, the homeroom teacher or administrative designee will call parents and file documentation of the outcome in the attendance record of the student.

Primary/Elementary level:

After five (5) unexcused absences/ten (10) excused absences, the Attendance Support Team (AST) will conduct a conference with the parent(s)/guardian(s) to assess the student's absences and determine strategies to address his/her attendance. Each school will take reasonable steps to ensure that parent(s)/guardian(s) are invited to attend these conferences. Students may also participate in AST meetings, as deemed appropriate by the AST.

At ten (10) unexcused/fifteen (15) excused absences, the AST will review the situation again and make an official referral to the school social worker/attendance officer (if a referral has not been made previously). The attendance officer will determine at this point if a referral to the court system is needed to keep school system in compliance with the law.

Excused Absences

A student shall be excused for absences from school for the following reasons:

- Personal illness or attendance in school that endangers a student's health or the health of others.
- A serious illness or death in a student's immediate family necessitating absence from school.
- A court order or an order by a governmental agency, including pre-induction physical examinations for service in the armed forces, mandating absence from school.
- The observance of religious holidays, necessitating absence from school.
- Conditions rendering attendance impossible or hazardous to student health or safety.
- A student whose parent or legal guardian is in military service in the armed forces/ National Guard and has been called to duty/ is on leave from deployment shall be granted up to a maximum of five school days per school year to visit with her/his parent/ legal guardian prior to/during their leave.

Notes/Excuses provided by the parent/guardian(s) regarding student's illnesses can only cover 12 (twelve) days per school year. After the twelfth note/excuse, the school administrator will request medical/doctor excuse(s) for additional absences. In unusual cases, extenuating circumstances will be considered. With proper verification, a student may be eligible for hospital/homebound instruction as outlined in State Board of Education Rule 160-4-2.31.

Unexcused Absences

Absence for reasons other than those listed above as "excused" shall be considered as unexcused.

Early Dismissal

The school hours are 8:15AM - 2:55PM. Please no early dismissals after 2:40. Please do not call ahead to have your child released from class. Your child will be called to leave when you come to the office and the receptionist has checked the emergency card. For the safety of your child, the parent or an authorized person must come to the office and sign the child out. Picture ID will be required if the staff does not know the person requesting to check out the child.

Parent Portal-Emergency Forms – Addresses – Phone Numbers

Parents must register and establish an account on IC Parent Portal. Please keep information on parent portal updated. For safety reasons, we ask that all parents fill out an emergency form/health form at LCPS with home, work and cell phone numbers or pagers where parents may be reached. Please provide names and telephone numbers of persons who could pick up your child in case of illness, accident, or disaster if you are unavailable. All information is confidential and is used only by the school staff in case of emergency. As soon as possible please notify the school **in writing** if there is a **change** in your address, home or work telephone number, or person(s) to contact in case of emergency. You must also contact system registrar, Vicki Langston (903-2133), in order to update address information in the computer.

Illness

You will be called if your child becomes sick at school. It is your responsibility to pick up your child promptly if he/she becomes ill. When a child has a fever, he/she must go home. We have a school nurse for immediate care, but we urge you to pick him/her up promptly. A doctor's note may be required before a student returns to school when he/she has had a contagious disease.

Head Lice

If live lice are found on a child during the school day, parents may be called to pick up the child. If nits are found, parents will be informed either by a phone call or note from the nurse. When a child is sent home from school with lice, the parent must return with the child to school after he/she has been treated and have the child checked by the school nurse before the child may return to class. Any parent who needs more information on how to successfully get rid of lice should contact their child's school nurse.

Clinic

A nurse is available to help your child in case of illness or injury at school. Parents will be notified when a child is sick or complaining of continuous discomfort or pain. It is vital to always have up to date telephone numbers where a parent, relative, or friend can be reached at all times. In case of an emergency or crisis situation, parent contact will be attempted and an ambulance will be called. Any associated cost will be the parents' responsibility. If it is necessary for a student to take any form of medication at school, a form called "Authorization to give

Prescription Medicine at School” must be completed and returned to the nurse before the medicine will be given. All medication must be in the original prescription bottle, labeled and dated properly. The nurse has the right to refuse to give any medication that is questionable or expired. We encourage you to give medication at home whenever possible. When sending temporary medication, please bring only what needs to be given during school hours (example: five days of antibiotics, bring five pills). These medications will need to be brought to school to the school nurse by a parent. Any unused medicine must be picked up at the end of the school year or it will be discarded. (BOE policies JGCD, JGC)

Medication

Medication administration in schools is discouraged unless medically necessary for the student’s health, safety, and optimal learning. If medications can be given at home, before or after school hours, please do so. However, if medication administration is absolutely necessary during school hours, the following procedures must be followed:

- The parent/guardian must transport prescription medicines to the health clinic or main office immediately upon arrival to school.
- The first dose of any new medication or new dosage must be given at home where parent/guardian can monitor for potential side effects and adverse reactions.
- A nurse is not always available to assist in the administration of the medication; therefore the student may be assisted by an adult designated by the principal.
- **Do not send medication to school which needs to be given daily or two/three times a day unless the physician specifically states a time during the school day which it is to be given.** An antibiotic and/or other medication which is to be given three times daily can be given before the child leaves for school, when he/she gets home, and at bedtime.
- If a medication is required at lunch daily (ex., medication for ADD), the physician must specifically state time to be given on prescription.
- Prescription medications must be in the original prescription bottle, clearly labeled with the student’s name, physician’s name and contact information, medication name and strength, amount given per dose, route and time of administration, and dispensing pharmacy. We request that you ask the pharmacist to give you two labeled prescription bottles so that you have one bottle at home and one at school.
- Over-the-counter medications must be in the unopened original container
- The school staff will have the right to refuse to give medication that is questionable or expired.
- Narcotic and/or other prescription pain medications (e.g. Tylenol with codeine, hydrocodone, etc) will not be administered at school and the student **cannot be at school under the influence of such medications**.
- The parent/guardian must complete and sign an *Authorization to Give Medication at School* in order for school staff to administer medication. The prescribing physician must

also sign the *Authorization to Give Medication at School* if the medication is to be given longer than two weeks.

- The parent/guardian is responsible for notifying the school of any changes in the administration of his/her student's medications.
- If these procedures are not followed, medication may not be dispensed at school.
- Unused medication will be disposed of unless picked up within one week after the medication is discontinued and/or at the end of the school year.

Student Insurance

Accident insurance is available to all students. This insurance is provided through an independent company, but we will make it available for your convenience. Please read the policy carefully before subscribing to it. The school is not responsible for any balance that the insurance does not pay. If you wish to purchase insurance, complete the form, make the check payable to the insurance company, and return the form to the specified address.

Visitors

We encourage parents to visit the school. To promote uninterrupted instructional time and for the protection and safety of our students, we are following these visitation guidelines:

1. All visitors/volunteers should enter and exit through the main doors; stopping in the office and to sign in and out.
2. Out of courtesy to teachers, an appointment must be made before/after school hours for conferences and classroom visitations with the appropriate teacher. Students are in the classrooms by 8:00 a.m. and teachers are not available after this time. Instruction will not be interrupted after 8:00 a.m. A note or email is the best way to contact a teacher.

Instructional Program

Our instructional program includes all courses required by the State Department of Education: math, reading, language, handwriting, science, social studies, art, music, health, physical education and character education. Our program encompasses the Georgia Standards for Excellence.

BYOT (Bring your own technology). - Refer to the Lee County School System Code of Conduct for Grades K-12 for these policies.

Promotional Requirements

Please refer to the LCSS Promotion, Placement, and Retention Board Policy for additional information.

PROMOTION STANDARDS

Students in grades K-2 must meet the following criteria:

A. K to 1st grade:

1. Mastery of the GSE Priority Standards and the Georgia Kindergarten Inventory Developing Skills (GKIDS)/ for language arts.
2. Mastery of the GSE Priority Standards and the Georgia Kindergarten Inventory Developing Skills (GKIDS)/ for mathematics.
3. Meet all attendance requirements
4. Teacher recommendation
5. In general, no student should be retained without being a part of an intervention process, which may include: identification, assessment, analysis of results, intervention strategies, parental notification and progress monitoring.

B. 1st grade to 2nd grade:

1. Mastery of the GSE Priority Standards for language arts.
2. Mastery of GSE Priority Standards for mathematics.
3. Meet all attendance requirements
4. Teacher recommendation
5. Previous MTSS should be considered

C. 2nd grade to 3rd grade:

1. Mastery of the GSE Priority Standards and for language arts.
2. Mastery of the GSE Priority Standards for mathematics
3. Meet all attendance requirements
4. Teacher recommendation
5. Previous MTSS should be considered.

Gifted Education

Students, grades kindergarten through twelve, in the Lee County School District who demonstrate a high degree of intellectual and/or creative abilities, exhibit an exceptionally high degree of motivation, and/or excel in specific academic fields

are provided with special instructional services by the Program for Gifted Students. The State Board of Education determines eligibility criteria for placement in this program. Teachers, counselors, administrators, parents or guardians, peers, self, and other individuals with knowledge of the student's abilities may make referrals in writing to Joanna Lane by February 1, 2020 for consideration for eligibility for gifted services. For a summary of eligibility criteria or for further information about the Lee County Program for Gifted Students, please contact the Gifted Program teacher, Joanna Lane, at Lee County Primary School any day 3:00 – 3:45.

Student Assistance Program

During the school year, the Student Assistance Program may involve your son/daughter in a variety of activities developed to assist in his/her ability to cope with the everyday pressures faced by a primary aged child. Some of the activities include support groups for children who have experienced separation through death or divorce, handling anger, building self-esteem and developing coping skills. If you have any questions or do not wish your child to participate, please contact the school counselor or an administrator.

Parent/Teacher Communication

Teachers will send home student work so that you will be familiar with what is being taught and how your child is performing. A minimum of one parent-teacher conference will be scheduled during the year to review your child's progress and to discuss his/her personal, academic and social growth. Teachers will contact parents early in the school year for an initial conference to be held after the first nine weeks of school. A second conference may be scheduled during February or March. Parents and teachers may schedule additional conferences as needed. Please feel free to contact the teacher to schedule a conference. Using e-mail has become a popular way for parents and teachers to communicate. Please understand that you may **not** get an immediate response as teachers should only respond before/after school or during their planning time which is limited. Also, that particular teacher may be absent and would not respond until she returns so if you have an important or critical message, please call the receptionist in the front office at 903-2180.

Report Cards

Report cards will be sent home each nine weeks with the exception of the first report card which the parent will pick up at the first parent-teacher conference in October.

Supplies

Much of the instruction in grades K-2 is hands-on and requires many supplies. In order for your child to have those “age-appropriate” supplies, it is best that LCPS provide them. We encourage parents to make a \$40.00 donation to LCPS and your child will have a class t-shirt and all the supplies he/she needs throughout the school year. **Please make the checks payable to the Lee County Primary School.** Rolling book bags are not the most desirable for our age students as they are bulky and will not fit in the “cubbies” in the classroom. **We would prefer our students carry small backpacks.**

Breakfast Program

Breakfast is available for \$ 1.25 a day; reduced price is \$.30 a day. K-2 students must pay in advance for their breakfast. Students need to tell the cashier the last four digits of their social security number as they exit with their food tray. Unless your child rides the school bus, **students must be at school by 8:00AM if they plan to eat breakfast.**

Lunch Program

A nutritionally balanced lunch as prescribed by State and Federal standards is served each day in the school dining room. Parents are urged to pay on Monday morning for the entire week. It is so helpful when a student’s breakfast/lunch is paid for on time. Students need to tell the cashier the last four digits of their social security number as they exit with their food tray. If lunches are brought from home, please do not use glass containers. No bottled or canned sodas are allowed. No fast food allowed. With a reduced number of support staff, we will need for your child to be able to open all food containers and thermos bottles. Milk may be purchased at school. **The cost of a regular price lunch at school is \$2.15 per day. The cost for reduced price lunch is \$.40 per day. Milk is \$.50. Make checks payable to Lee County School Food Service. Please put your child’s name on the check.** Information will be sent home in regards to paying for meals online through myschoolbucks.com. **Any questions about the school lunch program, including payment and special dietary needs should be directed to the School Food Service office, 903-2127. A doctor’s excuse is required for**

dietary adjustments at breakfast and/or lunch. You may access your child's lunch balance and also pay for lunch online. Please review proper eating manners with your child.

Parents Eating in Lunchroom

Lee County Primary School cannot accommodate parents at lunch. Thanks for your understanding.

Discipline/Classroom Management/Positive Behavior Intervention Support (P.B.I.S.)

Positive behavior intervention support is a collaborative (team-based) educational, proactive, and functional process for developing effective interventions for inappropriate behavior. LCPS does not assume that students know how to behave appropriately in all situations when at school; therefore, we must teach our students how to behave at school to ensure that they do make better choices. PBIS views inappropriate behavior in the same manner that problems in reading or math are viewed...as a skill deficit. When a skill deficit exists, we must teach the appropriate skill and by doing so, a unified and positive school climate forms, informing students and staff that appropriate behavior is a priority in school. Students engage in inappropriate behavior to obtain something they want such as attention, getting out of an assignment, etc; thus it serves a purpose for them. PBIS uses the function of the inappropriate behavior to identify an appropriate consequence and avoid rewarding the misbehavior. The school team uses discipline data to identify patterns and possible causes of inappropriate behavior. This information is then used to develop effective interventions to decrease inappropriate behavior and increase desired behavior across the school campus.

When the need for a consequence arises it may include but is not limited to: loss of privileges, phone call or email to parents, time out in another classroom, and conference with an administrator, parent conference, assigned to in-school suspension (ISS), and out of school suspension and/or referral to the Disciplinary Tribunal. In extreme cases, parents will be contacted about the need for their child to be in the ISS room to think about his or her behavior. As a component of PBIS, the school-wide discipline plan *Code for Responsible Behavior* will be used. Kindergarten students will have the Choice Cards that are initialed each night by parents. First and second grade students will have the calendar or agenda that will be initialed each night by parents. Both of these provide parents with daily communication as to how their child behaved in school that day. Parents will

receive the handout for the *Code for Responsible Behavior* at the beginning of the school year and it will be further explained at each grade-level orientation.

A complete copy of the Lee County School System Code of Conduct will be provided to all K-12 Lee County parents. This document is also available on the LCSS website.

Dress Code

The home and the school need to cooperate in the matter of dress. School is the child's place of business, and children who are dressed appropriately seem to do a better job. Students are required to dress modestly. Their attire shall not be disruptive to the learning environment or opposed to predominant community standards. Students shall dress in a manner that does not endanger the safety of themselves or others.

The following are considered inappropriate for students to wear to school:

- flip-flops, all sandals/shoes without heel straps, shoes with high heels, skate shoes or cleats.
- hoop or dangling earrings
- Apparel that is disruptive in the school environment – Example: shoes that beep.
- hair that has been dyed/sprayed colors (halo) or cut in an unusual(strip down middle) manner tempting other students to want to “touch” it which becomes disruptive
- ball caps, hats, triangular scarves – any headgear
- short-shorts or shorts/pants that drop well below the waist showing the underwear
- halter tops, tank tops with large arm openings, tops without straps and/or back, tops with spaghetti straps, shirts that allow the midriff (stomach) to show
- Shirts with inappropriate pictures, promotion of alcohol/drugs/tobacco, sexually suggestive messages, sarcastic messages such as “Be glad I’m not your kid” or “I’m not listening”, etc.

- Pajamas-only to be worn on specified “pajama” days. When your child wears inappropriate clothing, she/he will be referred to the nurse for a change of clothes.

Key chains etc. hanging from book bags or belt loops are disruptive and dangerous and are **not** allowed. Please do not allow your child to bring expensive jewelry or wear multiple rings and bracelets.

PBIS Model Students

A model student is selected each month from each homeroom based on honesty, good behavior, good attendance, minimal tardiness and early dismissals, and good work.

The monthly model student and their parents are invited to a Model Student Breakfast.

P.T.O. (Parent Teacher Organization)

Lee County Primary has an active parent-teacher organization. All parents are urged to join and become an active member. Membership dues are \$5.00 per family per year. The PTO supports the school through its many activities.

Volunteers/P.A.L. (Parents Aiding Learning)

Parents and other citizens are invited to participate in P.A.L. and become volunteers in our school on an occasional or regular basis. Information/Sign-up forms describing P.A.L. will be sent home. If you plan on volunteering, you will need to observe the teacher dress code. We have a volunteer handout for each person who wishes to volunteer. All volunteers must fill out a form for a criminal background check.

Fund Raising

Our school and the PTO have a limited number of fund raising projects each year to support our programs. School pictures will be made in the fall and spring. Opportunities to purchase class group pictures will be available also. Each Thursday and Friday, the children are permitted to purchase ice cream for \$1.00. During Winter months, popcorn will be sold for \$1.00.

Field Trips

As a part of our instructional program, students may participate in one or more field trips. In order for your child to go on a field trip, a LCSS permission slip

must be signed by parent and submitted to classroom teacher. Permission slips will be sent home by classroom teacher for each field trip. If you are one of the parents accompanying the class, please do not bring any other children with you. This is a special time for you and your child. Please understand that for some field trips a limited number of parents are needed. Teachers will inform parents about plans.

Field Days

Under the supervision of our physical education teachers, our students participate in Spring Field Days (1st grade –May 7th; 2nd grade – May 8th and Water Day (Kindergarten – May 19th). Parents are invited to attend these special days.

Extended Day Program

The Lee County School System provides extended day care to its PreK-5 students and their siblings until 6:00 p.m. on the Lee County Primary School campus.

Parties

The teacher or a room mother will contact parents about providing refreshments. Please contact the teacher before sending refreshments to school for birthday celebrations or other special occasions. This will eliminate having too many “cupcakes” sent the same day. Refreshments for special occasions will be shared during recess time not during lunch. For the safety of the students and the food provider, we require that food items be "**store bought.**" Homemade cakes, cookies and cupcakes will not be accepted. Flowers, balloons, or gifts to students are discouraged and will not be sent to classrooms. According to bus rules, students are not allowed to carry flowers or balloons on the bus.

Party Invitations

Please do not send party invitations to school to be distributed to students **unless** the entire class is invited or all of the boys or all of the girls are invited. Teachers cannot furnish student phone numbers or mailing addresses. Due to the age of our children, please do not plan personal parties that would involve those students changing their normal means of getting home.

Toys, Games, Cell Phones

Games or toys should not be brought to school without teacher permission. Often they are broken and/or lost by students or friends. The school cannot assume responsibility for these items. LCPS students are not allowed to use cell phones at

school. **Due to the potential disruption that toy knives and toy guns can cause on the bus or at school, possession of either will result in immediate contact with the parent and disciplinary action.**

Lost and Found

Lost and found items are hung outside the lunchroom. Please label clothing with your child's name. Items not claimed by the end of the year are shared with those in need.

Withdrawal Information

The parent/guardian must come to school to withdraw a child. If you will notify the office as soon as possible, we will have all the necessary withdrawal forms ready for you. **The withdrawal process is not final until the teacher, lunchroom and media specialist have signed off that the student has returned or paid for all materials/meals.**

Residency Requirements

All students attending LCPS must meet the residency requirements. Parents or the student's guardian and the child must reside in the zone in which their child attends school. Any time you move even if it is within the same zone, the system registrar needs a new proof of residency immediately. Each year parents are to sign a Certificate of Residency which is a legal document assuring the residency given is correct. The school choice notice is sent home each spring.

Moment of Reflection

As mandated by the Georgia General assembly (SB396), we will observe 60 seconds of quiet reflection time at the beginning of each school day.

Pledge of Allegiance

Daily, all students will be given the opportunity to pledge their allegiance to the United States of America.

Nondiscrimination

The Lee County Board of Education is committed to a policy of nondiscrimination in relation to race, color, religion, national origin, age, handicap, or sex. This

policy will prevail in all matters concerning employees, (employment, retention and advancement), students, parents, the general citizenry, educational programs and services, and persons with whom the Board does business.

In keeping with the Board's commitment and the requirement of applicable State and Federal law, the Board and staff will strive to remove any vestige of discrimination in employment, assignment, and promotion of personnel; in educational services and opportunity offered students; in location and use of facilities and educational materials; and all business transactions conducted by the Board.

Discrimination/Harassment/Grievance Procedure

Refer to the Lee County School System Code of Conduct for Grades K-12 for these policies.

Family Educational Rights and Privacy Act

A parent or eligible student has the right to:

1. Inspect and review the student's educational records.
2. Request the amendment of the student's educational records to ensure that they are not inaccurate, misleading, or otherwise in violation of the student's privacy or other rights.
3. Consent to disclosures of personally identifiable information contained in the students education records, except to the extent that the Act and the regulations in this part authorize disclosure without consent.
4. File with the U.S. Department of Education a complaint under Sec. 99.64 concerning alleged failures by the agency or institution to comply with the requirements of the act and this part.
5. Obtain a copy of the policy adapted under Sec. 99.6.

Additional information concerning this act can be found on the Lee County Board of Education website: www.lee.k12.ga.us.

Parent Right to Know

In compliance with the requirements of the Every Students Succeeds Act, the Lee County School System would like to inform you that you may request information about the professional qualifications of your student's teacher(s) and/ or paraprofessional(s). The following information may be requested:

- Whether the student’s teacher—
 - has met State qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction;
 - is teaching under emergency or other provisional status through which State qualification or licensing criteria have been waived; and
 - is teaching in the field of discipline of the certification of the teacher.
- Whether the child is provided services by paraprofessionals and, if so, their qualifications.

If you wish to request information concerning the qualifications of your child’s teacher and/ or paraprofessional, please contact Mrs. DeVane.

This handbook can not address every situation that could occur, so the administration reserves the right to investigate and address such situations to the best of their ability using the local, state and federal policies as their resources. It is always our intent to do what is best for the child, the school and the community.
