January 14, 2021

Dear Lee County:

As promised, we continued to monitor the impact of COVID-19 in our community this week so that we could be confident in the decision we would need to make to foster the best possible learning experience for our students. Unfortunately, COVID-19 cases and the case positivity rate did not stabilize, instead numbers increased. We are fighting to have school but believe the coming days and weeks are critical; therefore, **Lee County Schools will move forward with a continuation of remote learning for grades 6 through 12 for next week, January 19 - 22. PreK through grade 5 will return for in-person learning on Tuesday, January 19. All grade levels will return for in-person learning on Monday, January 25.** Masks will be strongly encouraged for all students as we do our part to aid in slowing down the spread of this virus.

This decision is not made lightly. The safety of all students is our top priority. The middle and high schools will share detailed remote learning information with you. We appreciate your continued support and understanding.

Respectfully,

Jason Miller, Ed.D.
Superintendent
