August 12, 2020

Dear Lee County Parent:

The start of school is an exciting time full of hope and expectation. Even with the challenge of starting school during a pandemic, we move forward with hope. Your child's safety is the top priority for Lee County Schools. We will open school safely this Friday. I strongly encourage all students to wear a mask. Frankly, in order to continue in person learning or the extra-curricular activities like band, cheer, and softball that our students love and enjoy, we need to wear a mask so we can limit the spread of Coronavirus in our schools and community. Masks are not mandated. Your child's teacher has the right to request masks in their class if they or someone in their family has a medical condition. Schools will ask students to wear masks in certain situations. Masks are required on the school bus. Your cooperation is the key to our success. **The power of Lee County Schools flows through the teamwork of students, staff, and parents.** We have challenges to be sure but I am confident things will go well. Thank you for your time and consideration. We look forward to welcoming your student virtually or in person this Friday.

Respectfully,

Jason Miller, Ed. D.  
Superintendent
