January 6, 2021

Dear Lee County:

Throughout the holidays, we continued to monitor the impact of COVID -19 in our community. Lee County has experienced a significant increase in the metrics used to track Coronavirus. This developing trend compels our district to consider all options for the safety, health, and wellbeing of students and staff. **Lee County Schools will begin second semester with remote learning for all students starting Monday, January 11, with a current anticipated return to in person learning on Tuesday, January 19.** A decision such as this is not made in isolation, and like similar critical decisions made during this pandemic, we are confident in our collaboration with trusted partners and experts. Our schools will continue to provide the best possible learning experience in light of these circumstances with an emphasis on the safety of all students. Each school will share information about remote learning later this week. Thank you for your patience and understanding.

Respectfully,

Jason Miller, Ed.D.
Superintendent
