

The Superintendent shall have the authority to authorize the sale, disposal, or removal of equipment, supplies, computers or other materials that are obsolete, beyond a state of repair, or too costly to make repair efficient. The Superintendent or designee shall maintain a listing of disposed items and present the list annually to the Board for review. This authority does not extend to school buses or real property. The sale of supplies and equipment covered by this policy shall be conducted in accordance with procedures to be developed by the Superintendent designed to secure the best price in the most efficient manner. The Superintendent may modify these procedures from time to time based upon the specific materials or supplies being sold.
