

The Board of Education recognizes that student wellness and proper nutrition are related to students' well-being, growth, development, and readiness to learn. The Board, in so far as is possible in light of the strictures of federal and state laws and regulations, is committed to providing a school environment that promotes and protects student wellness, nutrition education, and regular physical activity as part of the total learning experience. In a healthy school environment, students will learn about and participate in positive dietary and lifestyle practices that can improve student achievement.

To the extent practicable, all schools in the district shall participate in available federal school meal programs. All foods and beverages made available on campus during the school day shall be consistent with the minimum requirements of federal law and regulations and state requirements. Guidelines for reimbursable school meals shall not be less restrictive than regulations and guidance issued by the U.S. Secretary of the U.S. Department of Agriculture, as those regulations and guidance apply to schools.

The Superintendent or designee shall convene a wellness committee consisting of school system and community representatives from areas designated in federal law to participate in the development, implementation and periodic review of school wellness policies. Such policies shall contain, at a minimum:

1. Specific goals for nutrition promotion and education, physical activity, and other school-based activities that promote student wellness;
2. Standards and nutrition guidelines for all foods and beverages available on campus during the school day that:
  - a. are consistent with federal meal pattern requirements and nutrition standards;
  - b. prohibit the sale to students on the school campus during the school day of competitive foods that do not meet the federal criteria; and,
  - c. adhere to the Healthy, Hunger-free Kids Act of 2010 and state requirements regarding exempt fundraisers.
3. Identification of the position of district or school official(s) responsible for the oversight to ensure each school's compliance with the wellness policy;
4. A description of the manner in which parents, students, and representatives of school food service, physical education teachers, school health professions, the school board, school administrators, and the general public are provided an opportunity to participate in the development, implementation, and periodic review of the wellness policy; and
5. A description of the plan for measuring the implementation of the wellness policy and for reporting to the public its content and implementation issues.

The Superintendent or designee shall ensure that each participating school complies with the wellness policy; that periodic assessments and progress reports are conducted in accordance with state and federal timelines and other requirements; and, that appropriate updates or modifications are made as needed.
