- District Band
- JROTC
- J.T.P.A.

## How benefits are paid

### Compulsory coverage - Excess

Benefits are payable for eligible expenses that are in excess of benefits paid to the insured by any other health care plan. If no other health insurance exists, benefits will be payable like primary coverage.

### Voluntary coverage - Excess or Primary

Benefits can be payable on a primary or excess basis in most states. In North Carolina, only primary benefits are available for Voluntary coverage.

## Plans Include Accidental Death, Dismemberment and Paralysis (Plegia) Benefits

If a covered injury results in any of the losses specified within one year from the date of the accident, we will pay the benefits listed below in addition to the medical expense benefits. If the same accident causes more than one of these losses, we will pay the largest amount that applies.

- Loss of life
- Total Paralysis of upper and lower limbs, both lower limbs, or upper and lower limbs on one side of the body
- Loss of any combination of two: hands, feet or eyesight
- Loss of one hand, one foot, or sight in one eye

Note: Loss of a hand or foot means complete severance through or above the wrist or ankle joint. Loss of sight means the total, permanent loss of sight of the eye. The loss of sight must be irrecoverable by natural, surgical or artificial means. Severance means the complete separation and dismemberment of the part from the body. Paralysis means loss of use, without severance, of a limb. This loss must be determined by a physician to be complete and nonreversible.

## Crisis Death benefit

A benefit that pays up to \$10,000 to the parents of any student who is the victim of a fatal knife stabbing or gunshot wound with up to \$100,000 payable for any one incident. Students are covered while on school premises during normal school hours or during a school-supervised and sponsored activity at or away from school. This benefit is paid in addition to the Accidental Death benefit.

The maximum benefit payable is \$100,000. This benefit will be split evenly among all students if more than 10 lives are lost in a covered accident. For purposes of this benefit, normal school hours means a scheduled period of instruction that includes the half hour before the school day begins and the half hour after the school day ends. This coverage is not provided while a student is traveling to and from school or an offsite activity. Benefits also will not be paid if:

- 1) the act of violence is committed by the student's parent or sibling; or
- 2) the student produced or obtained a gun or knife during the incident, whether used in self-defense or not.

These exclusions may vary by state.
