

## MATH DEPARTMENT SUPPLY LIST

- 2 inch, 3-ring binder - This binder should contain all materials at all times.
- notebook paper and pencils
- pouch that zips with holes to keep in notebook
- graph paper with holes to keep in notebook
- ruler with holes to keep in notebook (shows both centimeters and inches)
- project supplies - These will be announced as needed.
- calculator - Find your class below to see which type is recommended. (If you purchase one, then please cut out the points and turn it in to your math teacher. Points will be used to redeem items for the school.)

Analytic Geometry, Advanced Algebra, and Advanced Mathematical Decision Making:  
scientific calculator TI-36X Pro

AP Statistics, Accelerated Pre-Calculus, Pre-Calculus, and Accelerated Analytic Geometry A /  
Advanced Algebra: graphing calculator TI-84+

AP Calculus: graphing calculator TI-84+ or TI-89

### Additional Information:

If you are taking a class that provides you with a LCHS math booklet instead of a book, then these booklets will be distributed by the math department as needed. Replacement copies can be made in the LCHS media center at a cost of 5¢ per page.

You can purchase a TI-36X Pro through the math department for \$25.00. All checks need to be made out to LCHS.
