The Lee County School System has a drive for excellence and a passion for distinction in providing challenging educational experiences for all students.

We are going to continue social distancing throughout the summer and will not be offering the traditional summer school in our building. Fortunately, counselors have developed an alternate plan for students’ needing to recapture previously failed course credit.

This opportunity begins this week and will end at the conclusion of this semester (end of May). This is a free, unique opportunity to retake courses needed for graduation.

Juniors may want to complete needed courses to earn back their “early release” opportunity for the 2020-21 school year. Interested students need to have the ability to complete virtual assignments and be currently passing all courses.

Please complete this link and your counselor will email your school address with next step information. If you have questions, please reach out to your counselor. https://docs.google.com/forms/d/1sQLxmCzhe_6CQMzRE2TLCCMoOcYerRn8dxSLFmh1QLnA/edit?usp=sharing

Senior Legacies

Congratulations to the Senior Legacies, who were selected by faculty and staff based on their leadership, involvement, contributions, academic standing and character.
